

TOWN OF FLORENCE
TRASH COLLECTION UPGRADE
SERVICE PROVIDED BY GREEN FOR LIFE (GFL)

AUTOMATED TRASH COLLECTION KICKS OFF
TENTATIVELY SCHEDULED FOR TUESDAY, JANUARY 16, 2024!

Your trash service received an upgrade! The Town of Florence has provided residents with trash cart(s) for automated collection. Wheeled carts with lids provide you with more room for more items, and helps keep your neighborhood clean and green!

CURBSIDE GARBAGE COLLECTION

Garbage is collected weekly, in the provided cart on your scheduled collection day being **TUESDAY**.

Garbage must be placed on the street (**not the alley**) curbside the night before collection day, or prior to 6:00 a.m. on the scheduled day of collection.

All items must be bagged and placed in the cart in order to be collected. Material that is placed outside of the cart will not be collected.

Non-Town of Florence and GFL carts, such as bins, barrels or other plastic containers will not be serviced. If you have already purchased a cart that is serviceable with automated collection, you **must** contact the town office if you want to use your own cart for refuse collection. The town is required to give GFL permission to service these residentially owned carts.

Please Note: The Town of Florence and GFL are not responsible for damage to residentially owned carts used with the automated service. You will be required to sign-off from holding GFL and the Town of Florence liable for any damage if you use your own cart for this automated refuse collection service.

CART PLACEMENT RULES: -When GFL begins automated collection services, please pay attention to where your cart is **after collection, as GFL may need to change the initial placement of your cart.**

-The refuse cart is to be placed within 3 feet of the curb/street on ONE side of the driveway.

-The cart requires 3' of separation from any fixed object, such as parked cars, mailboxes, utility poles and carts.

-The cart handles and wheels are to face away from the street.

-If the trash cart is restricted and/or improperly placed, it will remain unserviceable, due to services as an automated route.
